About IM 2009

Held in odd-numbered years, the 11th IFIP/IEEE International Symposium on Integrated Network Management (IM 2009) will follow the 20 years tradition of NOMS and IM as the primary forum for technical exchange of the research, standards, development, systems integration, service provider, and user communities. IM 2009 will present up-to-date approaches and technical solutions for integrated systems and services including communication networks, host systems, enterprise applications, service oriented architectures, and delivery of management services. The conference provides a peer-reviewed program of technical sessions, application sessions, software tools sessions, tutorials, keynotes, posters, and panels as well as solution exhibits.
